Warsaw Universit of Technology
October 2012 – December 2021
- Written Master's & Bachelor's theses on nanoparticle synthesis

ABOUT ME
I reached the SME position at Nielsen, learning Python on the way to better perform my job. I want to utilise and develop these skills further on the job.
I started a fullstack course to increase my chances of landing this job.
I hope to put my enthusiasm and thouroughness to good use at Your company.
